

# 19" Composite Monitor

**ernitec**

## Superior Image Quality

- Brightness 300cd/m<sup>2</sup>
- Contrast ratio 700:1
- Fast response time 8 ms
- MagicBright™ (3 viewing modes)

## Multi Functional Performance

- Integrated TV tuner
- Various external AV devices
- Integrated multimedia speakers
- Support PAL and video signal
- Provide TTX (teletext)

## Ergonomics & Easy Operation

- Innovative power saving
  - Display power management signaling (DPMS)
  - Minimum consumption of power under 1W
- Sleep timer
- Wall and arm mountable (VESA 75mm)
- Side mounted input and output connectors
- Slim and compact remote controller

## Innovative Design

- Stylish and luxurious design
- Maximum comfort and tilt adjustable
- Innovative space saving
- Intelligent viewing angle adjustment
- Contemporary hidden cable design

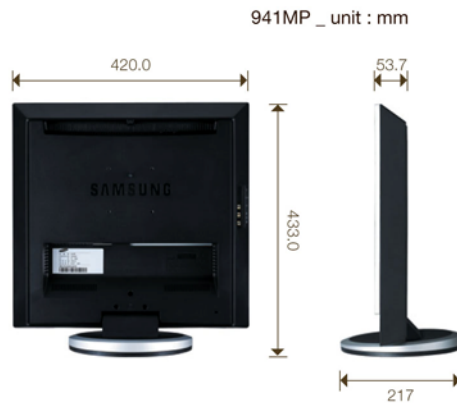

## Specifications

Class	SyncMaster 941MP
Screen size	19"
Resolution	1280x1024
Colours	16.2M
Brightness	300cd/m <sup>2</sup>
Contrast	700:1
Horizontal frequency	31~81 kHz
Vertical frequency	56~75 Hz
Viewing angle*	160°/160° (CR>5)
Response time**	8ms
Interface	D-sub
Power consumption	Less than 49Watt (on mode) Less than 1Watt (power saving & off mode)
Speaker	3W/Chx2
Input video signal	CVBS, S-video, TV (antenna/cable), Scart
Input connector	D-sub, CVBS, S-video, Scart, RF
Cabinet colour	Silver (F)/Black (B)
Power supply	Built-in
Special feature	TTX (10 page storage) Stereo sound MagicBright™
Wall-mountable	VESA 75x75mm
Mac compatibility	O

\* Viewing angle is a measuring value in case of contrast ratio 5:1

\*\* Response time is a measuring value in standards of black to white/white to black
